

ACCELERATE INDIANA FAFSA OPT-OUT WAIVER FORM

The Free Application for Federal Student Aid (FAFSA) is the application that allows a student to apply simultaneously for federal student aid (including Pell Grant, work-study opportunities, and federal student loans) and state financial aid through the Indiana Commission for Higher Education. Many colleges and universities also use the FAFSA to identify eligible institutional aid.

Per the Accelerate Indiana Income Share Agreement Program Manual, an applicant must file the Free Application for Federal Student Aid (FAFSA) or provide a signed opt-out waiver. Accelerate Indiana understands that not every student may want to file the FAFSA or may not be eligible to receive federal or state student aid. Therefore, in lieu of filing the FAFSA, a student may opt-out of the FAFSA filing requirement.

By signing and submitting this document the student acknowledges that while enrolled in a Qualified Education Program (QEP) that utilizes ICAF funds to cover the cost of the students' course of study, they are foregoing any financial aid opportunities that might be available through the Federal Student Aid program or the Indiana Commission for Higher Education. Furthermore, the student will remain eligible for an Income Share Agreement subject to adhering to all other requirements within the Accelerate Indiana Income Share Agreement Program Manual aside from the FAFSA filing requirement.
